

2nd grade CFA Math Data 2019-2020

2nd Grade SMART GOAL is 90% of students will meet the essential math standards as assessed in
Common Formative Assessments.

CFA	% met	% not met	Reteach strategies/teacher	Post reteach test # met/# not met
Addition to 10	99%	1%	Bradford-student 1 struggles with basic number awareness	Student went from 0% to 70%
2 digit addition no regroup	93%	7%	Lining up numbers, drawing place value lines to separate tens and ones, circling the (+) Summers-reteach K-reteach Burkett-reteach	3/10 scored meets after reteach
2 digit subtraction no regroup	96%	4%	Line up numbers, draw place value lines, circle the (-) Bradford-reteach Watson-reteach	3/5 scored meets after reteach
2 digit addition w/regroup	91%	9%	Write the number to the side of the problem, underline the ones digit and draw a line, circle the tens digit, send it up and over Summers-reteach K-reteach Dills-reteach	4/12 scored meets after reteach
3 digit addition with regroup	83%	17%	Write the number to the side of the problem, underline the ones digit and draw a line, circle the tens digit, send it up and over Summers and K-switch and reteach Dills and Watson-switch and reteach Bradford, Evans	15/24 scored meets after reteach

			Burkett-switch and reteach																			
2 digit subtraction with regrouping	90%	10%	Summers and K-switch and reteach Dills and Watson-switch and reteach Bradford, Evans Burkett-switch and reteach	7/15 scored meets after reteach
