

Math Promise Standards

Numerical Representations and Relationships

2.2B Use standard word, and expanded forms to represent numbers up to 1,200.

Computations and Algebraic Relationships

2.4C Solve one-step and multi-step word problems involving addition and subtraction within 1,000 using a variety of strategies based on place value including algorithms.

2.4D Generate and solve problem situations for a given mathematical number sentence involving addition and subtraction of whole numbers within 1,000.

Geometry and Measurement

2.9E Determine a solution to a problem involving length including estimating lengths.

2.9G Read and write to the nearest 1 minute increment using analog and digital clocks and distinguish between a.m. and p.m.

Data Analysis

2.5A Determine the value of a collection of coins up to one dollar.

2.10C Write and solve one step word problems involving addition or subtraction using data represented within pictographs and bar graphs with intervals of one.

Reading Promise Standards

Understanding and Analysis of Literary Text

2.9A Describe similarities and differences in the plots and settings of several works by the same author

2.9B Describe main characters in works of fiction including their traits, motivations, and feelings

Understanding and Analysis of Informational Text

2.14A Identify the main idea in the text and distinguish it from the topic.

2.14B Locate the facts that are clearly stated in a text

2.14C Describe the order of events or ideas in a text.

2.14D Use text features (table of contents, index, headings) to locate specific information in text
Figure 19 - Inferencing in a Grade Level appropriate text
