

PLC Leadership Team

Based on these Core Principles

- All kids are our kids.
- We focus on what we can do and not on what we don't have.
- Teaching hasn't occurred until learning has.
- Teacher collaboration is best practice to improve student learning and instructional practice.
- All students can learn at high levels (high school plus).

(A. Muhammad, 1/2019)

PLC Leadership Team: **Spring 2019**

- Members include core area instructional coaches, associate principals, and Steve. Jason Nolting and Laurie will support these 8 PLC leaders. Elizabeth Aherns will provide PD support and ongoing feedback (when available). Carol is leading the CTE redesign and several initiatives in CTE.
- PLC Leadership team develops building-wide data teams protocol with guiding questions, time allotments, team member jobs, and agenda format during spring 2019 (Elizabeth?).
- PLC Leadership team members receive PD on facilitating data teams spring 2019 (Elizabeth?).

Fall 2019: PLC Leadership Team members facilitate 8 data teams in core areas:

- Which 8 courses should we prioritize, and who shall lead them?

English I & Advanced?
English II & Advanced?
American Experience
Algebra A & B?
Geometry A & B?
Algebra II A & B?
9th Earth Science & Advanced?
9th Physics & Advanced?
Biology & Advanced?
Chem & Advanced?
US History
Global Studies
Economics

Government
Spanish I

- All above data teams are facilitated by a PLC Leadership Team member through first semester **fall 2019**.
- All above data teams are transitioned to teacher led data teams, with facilitator present, during **spring 2020**.
- The expectation is that the above data teams will continue to be teacher-led using the modeled PLC protocol in 2020-2021 and beyond.

Fall 2020: PLC Leadership Team members facilitate 8 data teams in core areas:

- What are the next 8 courses should we prioritize from the remaining courses listed above?
- All above data teams are facilitated by a PLC Leadership Team member through first semester **fall 2020**.
- All above data teams are transitioned to teacher led PLCs, with facilitator present, during **spring 2021**.
- The expectation is that the above PLCs will continue to be teacher-led using the modeled PLC protocol in 2021-2022 and beyond.
