

Essential Learnings Planning

What Is It We Expect Students to Learn?					
Grade:	Subject:	Trimester:	Team Members:		
Description of Standard	Example of Rigor	Prerequisite Skills	When Taught?	Common Summative Assessment	Extension Standards
What is the essential to be learned? Describe in student-friendly vocabulary.	What does proficient student work look like? Provide an example and/or description.	What prior knowledge, skills, and/or vocabulary are needed for a student to master this standard?	When will this standard be taught?	What assessment(s) will be used to measure student mastery?	What will we do when students have already learned this standard?

Working in collaborative teams, examine all relevant documents, common core standards and then apply the criteria of endurance, leverage, and readiness to determine which standards are essential for all students to master. Remember, less is more. For each standard selected, complete the columns.
