

By Period focus on ELA and Math

()

First Year Cass rolled out GOLD time. The focus with on ELA and Math PROs: smaller scale to focus on; work on foundational skills CONs: coverage schedule was very confusing; only focused on 2 contents

OUR 3 OPTIONS

By Period all

Content Areas

Secon Year of GOLD time at Cass. that focus was all content

areas. PROs,no coverage schedule, easy for students to know where they

wre going CONs: was not a very intentional fime;; didn't meet the needs of all students;

Based on Need

Third year of GOLD time at Cass we are more intentional and individualize.

THE METHOD

presented to GC for approvel

and the second second

 Teachers will go into the TEAMS document and fill in the student's name in YELLOW if they need Tier 2 interventions that week. Study hall teachers will look on the TEAMS document to find out who will be reporting to them. This is the roll that you will use to take paper attendance.

 Turner will select students based on RGM results. She will fill in the box with the student's name in GREEN. This means that they will report to her. She will not select students that have an EOC course.

 Coach Dodd will work with the Student Will Committee to select "Will Students" that he will work with. He will fill in the box with the student's name in RED. If a student's name is in RED, they will report to the theater to work with Coach Dodd even if they need Tier 2 interventions (RED trumps all)

 Yes, the AP teacher would go into the TEAMS documents and if that student's box is white, they are able to pull that student to work with them. The AP teacher would fill in the student's name in BLUE to select them to work with. Those students would report to their AP teacher's room for interventions/extensions.

How will students and teachers know if they are to report to Tier 2 interventions or Study Hall?

How will Turner pull students?

How will Coach Dodd select students?

Can AP teacher's pull students out of study hall to work with them?
