

MTSS

2022-2023

MTSS DOCUMENTATION PROCEDURES

Who?

- general-ed students not performing on grade level
- current rti students
- behavior concerns that you are intervening on at more than a Tier 1 level.

What?

- List specific tek/skill/reading behavior taught in small groups.
- Describe individual response to targeted tek, skill or reading behavior.
- Document in Branching minds weekly.
- Provide 5-6 weeks of documented intervention before the MTSS meeting

Why?

Multi Tiered System of Support team can....

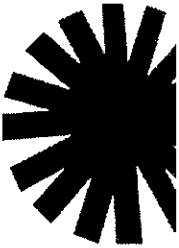

- make decisions on implementing rti interventions
- target specific skills based on teacher data.
- evaluate and monitor student progress in intervention.
- access and share anecdotal notes about student behavior and progress in rti.

EXAMPLES OF TARGETED MATH SKILLS:

- Fluency
- Number Sense
- Addition
- Subtraction
- Multiplication
- Division
- Interpreting word problems
- Fractions

EXAMPLES OF TARGETED READING SKILLS:

- Alphabetic Principle
- Phonological Awareness
- Phonics
- Encoding
- Fluency
- Oral Comprehension
- Deeper Meaning
- Making Connections
- Analytical thinking about the text
- Summarizing
- Vocabulary
- Character analysis
- Making inferences about setting, characters, themes, or author's purpose.
