

PVES Team Data Analysis Protocol

Follow Up CFA Data

Essential: _____

1. Take 5 minutes to analyze the data and make observations.	
<p>What did you notice? (factual findings)</p> <p>❖</p>	<p>What did you wonder? (questions raised or challenging statements)</p> <p>❖</p>
<p>What students are now proficient that were not proficient before?</p>	<p>What interventions worked for them?</p>

Students who are not proficient	What interventions have I tried already?	What interventions? based on data, could support this student?	So my next step is...
