DISTINCTION EARNED

Blank values for an indicator score occur if the indicator is not applicable to that campus or does not meet the minimum size of 10 students.

Blank values for a quartile occur if there are fewer than 20 campuses in the campus comparison group with data for each qualifying indicator.

The attendance rate indicator is not subject specific; therefore, it applies to ELA/reading, mathematics, science, and social studies. Consequently, this indicator cannot be the sole measure used by a campus to attain a distinction.
