Something to Howl About

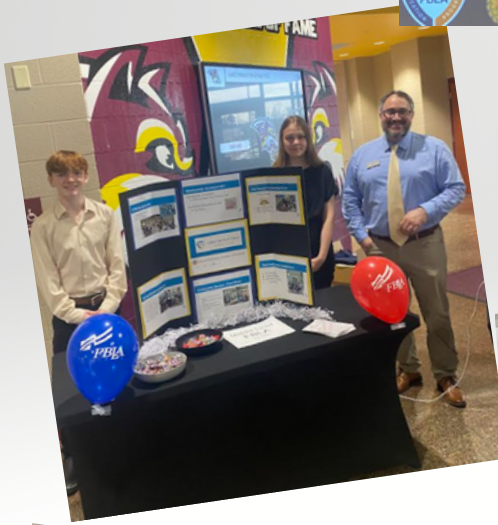

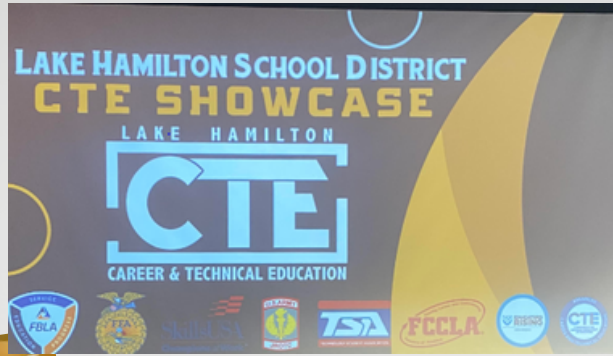

The Lake Hamilton School District hosted the CTE Showcase this past Thursday! The CTE program was selected to showcase all the great things happening through our CTE Program which is seen as one of the best in the state! We had many state representatives, community business and industry partners from around the state to view the great programs students are enrolled in and benefiting from as they graduate college and career ready.

It was so exciting to see what all our students are and can be involved in through our CTE programs! All of our students did an exceptional job demonstrating and presenting their CTE program.

Below are a few pictures from the event! Congratulations to all of our CTE teachers for your hard work and preparation in making this a successful event and spotlighting our CTE programs in the Lake Hamilton School District! Your hard work and dedication does not go unnoticed!
