

**What do we want all students to learn?**

Determine Essential Standard/Learning Target

Understand Standard/  
Learning Target

**How will we know they have learned it?**

**Develop**

- Common Formative Assessment - CFA
- Set CFA Proficiency
- Set Protocols – when/how
- Set SMART goal

**Teach**  
Check for Understanding - CFU,  
Appropriately adjust –  
Differentiation

Give common formative assessment

Analyze data

Plan based on CFA results

**How will we respond when learning has not occurred?**

Re-teach - individualize, small group, deploy, etc.

Re-Assess Learning

**How will we respond when learning has already occurred?**

Enrichment and deepen

Produce a Product based on Standard
