

Protocol for Recommending Students to the Problem - Solving Team

These steps listed below need to be completed before recommending to the Problem - Solving team.

Academic	Behavior
Give universal screener and diagnostic assessments in our Assessment protocol	Complete the behavior checklist
Discuss Screener and diagnostic assessments with Teacher Teams to determine Tier 2 interventions	Take the completed behavior checklist to your teacher team and discuss Tier 1 and 2 strategies from the PBIS list
Provide Tier 2 interventions and give progress monitoring assessments to determine the effectiveness of Tier 2	Contact Parents - initially call parent, possible face to face conference, then contact can be in writing
Collect data and review with teacher teams	Provide Tier 2 Interventions and collect data for 4-6 weeks
Contact Parents when Tier 2 intervention are not successful	Revisit Tier 2 interventions and data collecting with your teacher team.
Recommend to problem-solving team when you see little to no improvement with Tier 2 interventions	Recommend to the problem-solving team when you see little to no improvement with Tier 2 interventions
