Standard	Notes
- Ctarradia	Repeated addition- Focus on how many groups there are. Arrays- Go
	Working on knowing the number of groups in repeared addition. Work
	Readeated addition- Good. Arrays- Working on copying the correct nu
	Repeated addition- Focus on how many groups there are. Arrays- Good
	Repeated addition- Focus on how many groups there are. Arrays- Good
	Arrays- Working on creating arrays that match the problem. Is flitting t
	Has still not mastered division. She did great some days and some day
	Mastered using pictures to represent division. Does not need to draw
	Needs extra help just with arrays. Can find the quotient quickly
	Needs help when equal groups aren't present.
	Mastered using equal groups and arrays to represent division!
	Is great at using equal groups to represnet division. Still struggles a tir
	Did great and caught on super fast.
	Caught on fast. Can draw both equal group and arryas.

Confident on first/third person - created her own narrative to show a third person point of view.	
Can identify first person mostly with the use of "I"	
Created a first person comic strip	
Created a first person point of view comic strip - does not know how it would change to a third person point of view.	
Struggles with quotation marks, assumes the story must be both points of view if there is words in first and third person.	
*needs to be replaced with someone else she is on vacation	
Did great coming up with words and struggled with explaining	
did great comnig up with words and explaining	
Had trouble coming up with words	
Did good when he had a list to look at and could then explain.
