Instructions

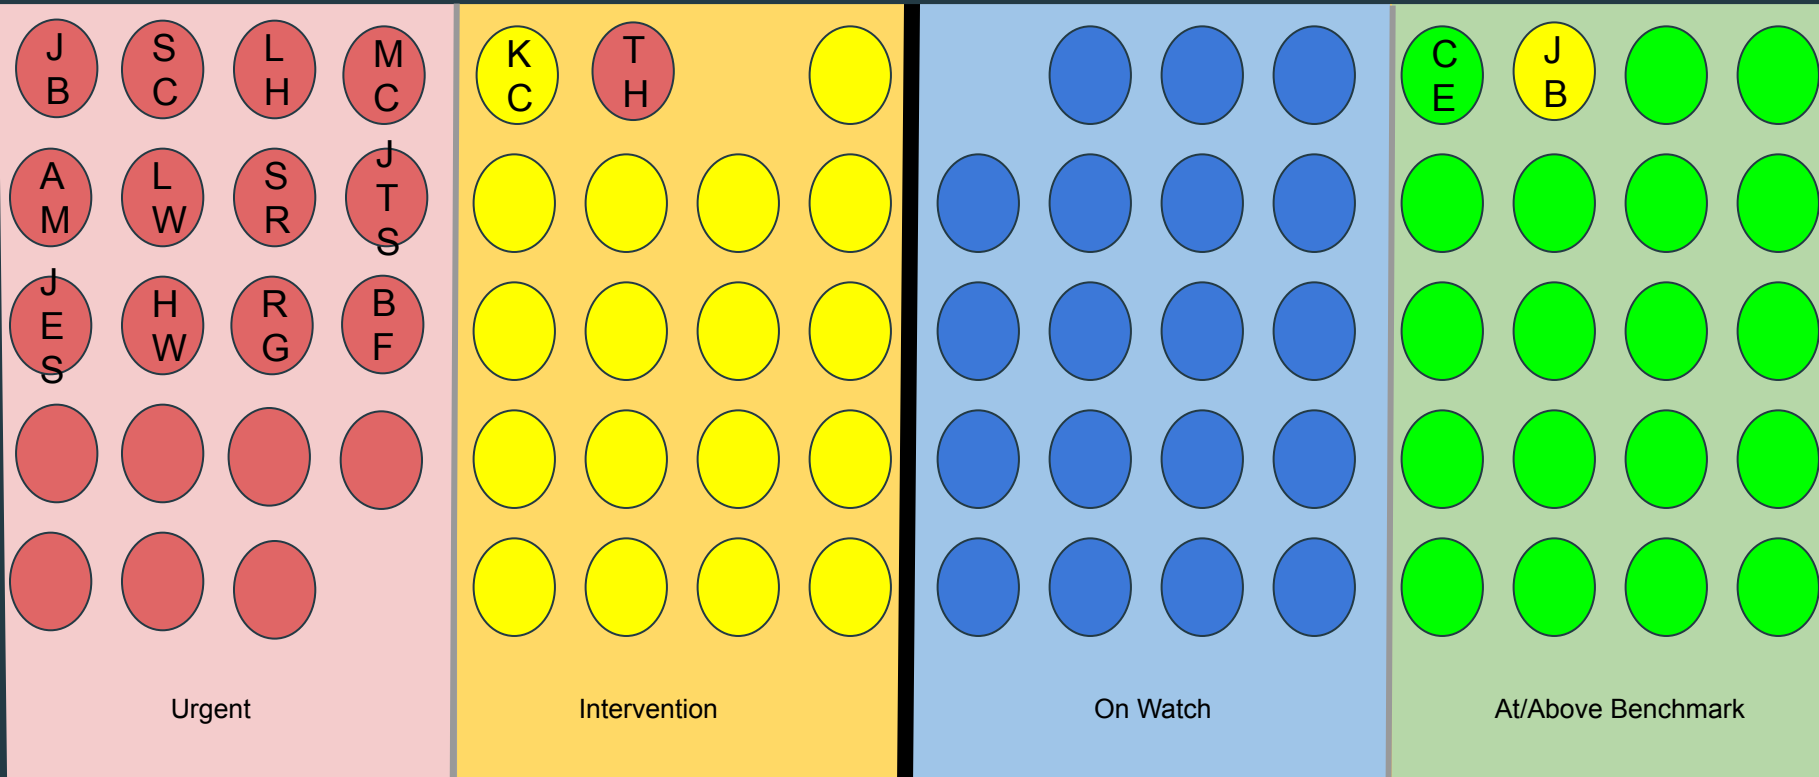

After running your benchmark reports, click a circle on page two and type the initials of each student with the corresponding circle. Each student that is assigned to a **Red (Urgent Intervention)** or **Yellow (Intervention)** circle needs an intervention page completed.

You do not have to fill out an intervention page for students assigned to a **Blue (On Watch)** or **Green (At/Above)** circle unless you choose to do so. If a student moves from Blue or Green to Yellow or Red at the next benchmark, you will need to create a circle for that student (using their original benchmark color) and begin completing an intervention page.

Note: You may always complete an intervention page on other students or earlier than the second benchmark if you determine additional monitoring is needed.
