

1. **8:30 Welcome and Norms**
2. **8:35 - 10:00 Triage Reading and Math**
3. **10:00 - 11:30**
 - **Data Analysis of the “no’s” from triage**
 - **identification of students 2 years below or flatlined.**
 - **Review--Specific concerns from teachers: The concern should be specifically described.**

Kindergarten:

Alayna Middleton really would like her to be tested. I know Mr Skillman tested her in December and saw issues but then Lexia is the speech intervention. I've filled out the developmental checklist. Didn't know what moves to make next.

First Grade:

Travis Gaddis

entered on A level , remains on A reading level
scored 1- DOES NOT MEET on all standards of the report card
struggles to complete any classwork unless guided and 1:1 with teacher
Dreambox student
2nd year Lexia student w/ godfrey
attendance- absent 29 days

Tripp Coleman

entered on A level, remains A level
dreambox student
2nd year Lexia student w/godfrey
Does not meet 1st grade standards in most areas
Failed Vision testing in fall

Ailee Vicente ??? language barrier
does not meet any first grade standard

Third Grade

Cody Kittle: Looking at his STAR reading & math, there is a huge discrepancy between the two. 8 percent reading, 84 percent math. He does have difficulty attending in class, but even with that it is apparent that he has a strength in math. He also has a difficult time getting his ideas to the paper. His reading level is currently a K. I am not sure how he is doing on Lexia, as I do not have access to Cothren's kiddos who don't stay with me during ELT. He sees Godfrey.

4. **11:30 - 12:30 Break**

5. 12:30 - 2:30 Group Problem Solving

System RTI Coordinator will lead the group through discussion and problem solving for specific students identified during the Data Review. All members will have a task.

6. 2:30 - 2:45 End of Meeting Routine

- Reflection - Academic Coach will lead the team through a round table discussion in which all members reflect on the meeting's productivity level and areas in need of improvement.
- Announcements - Academic Coach will make announcements, review next meeting date and provide any needed reminders.
- Minutes - The team recorder will review the minutes with the team.
