Ashley,

Thank you and your team for the excellent presentation last night! I wish I could have stayed around to visit in person but I had to get my daughter to ballet. I am going to propose the Group/Team rubric as a starting point for our PLC smart goal this year. We are a brand new team and I am hopeful it will be just what we need to move us forward. Thank you again for taking the time to share such excellent work with us!

Angela
