School: Percent of students above the 30%ile

National: Percentile Rank (normed)

Fastbridge aReading and aMath

Spring scores from May timeframe each year

Economically Disadvantaged students are not broken down on the FastBridge Screener

One year, SPED students scored below the National Norm in 1st Grade SPED Mathematics

31 instances of data trending upward or holding steady

11 instances of data trending downward (within in 5 percentage points)

11 instances of data trending downward (greater than 5 percentage points)

2019-20 Data is from the winter screener due to COVID.
